

***Towards creating
the International Association
of Jesuit Engineering Colleges***

**Founding Conference
in Bilbao
the 5-8 july 2018**

Toward a Jesuit Engineering Schools Association

FRANCESCO

Laudato si'

sulla cura
della casa comune

"I ask you to consider how you can work together in networks and in common projects in such a way that you capitalize on the richness of our resources and our companionship."

Rev Arturo Sosa SJ, Superior General of the Society of Jesus.

July 2017

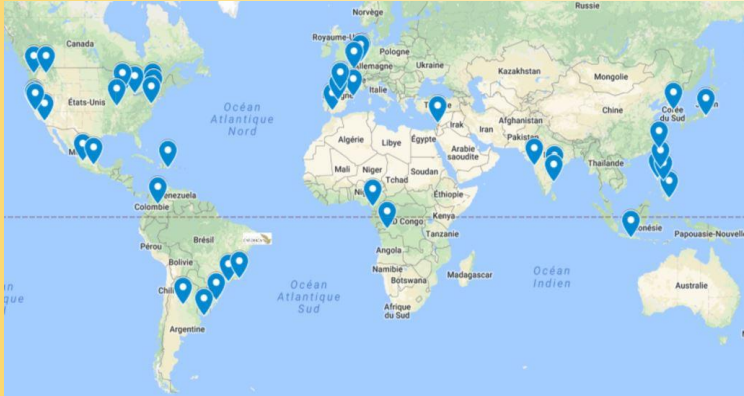

***The world is facing new scale of issues.
The engineers have a key role to play.
It's the right time for creating this new association.***
Fr. Michaël Garanzini - Secretary for Jesuit Higher Education

[Quote to be confirmed]

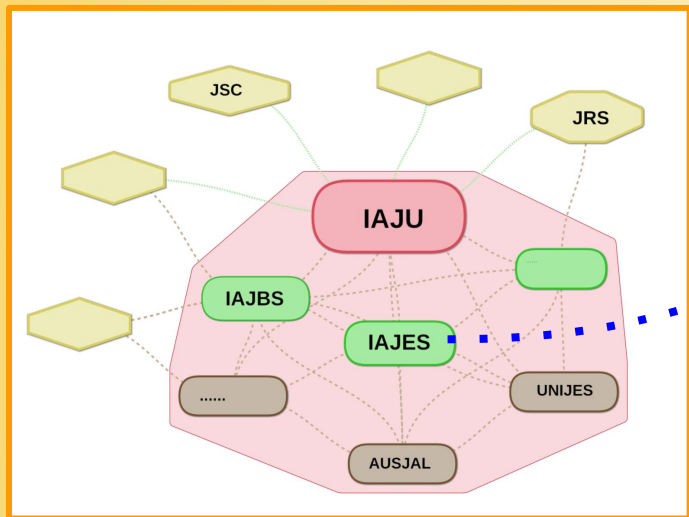

44 Jesuit Engineering Schools in the world

More than 40 000 students
4000 teaching & research staff

How can we leverage our faculties in a variety of disciplines to address economic and environmental justice issues identified in "Laudato Si" and "Evangelii Gaudium"?

IAJES in synergy within Jesuit institutions

IAJU : International Association of Jesuit Universities

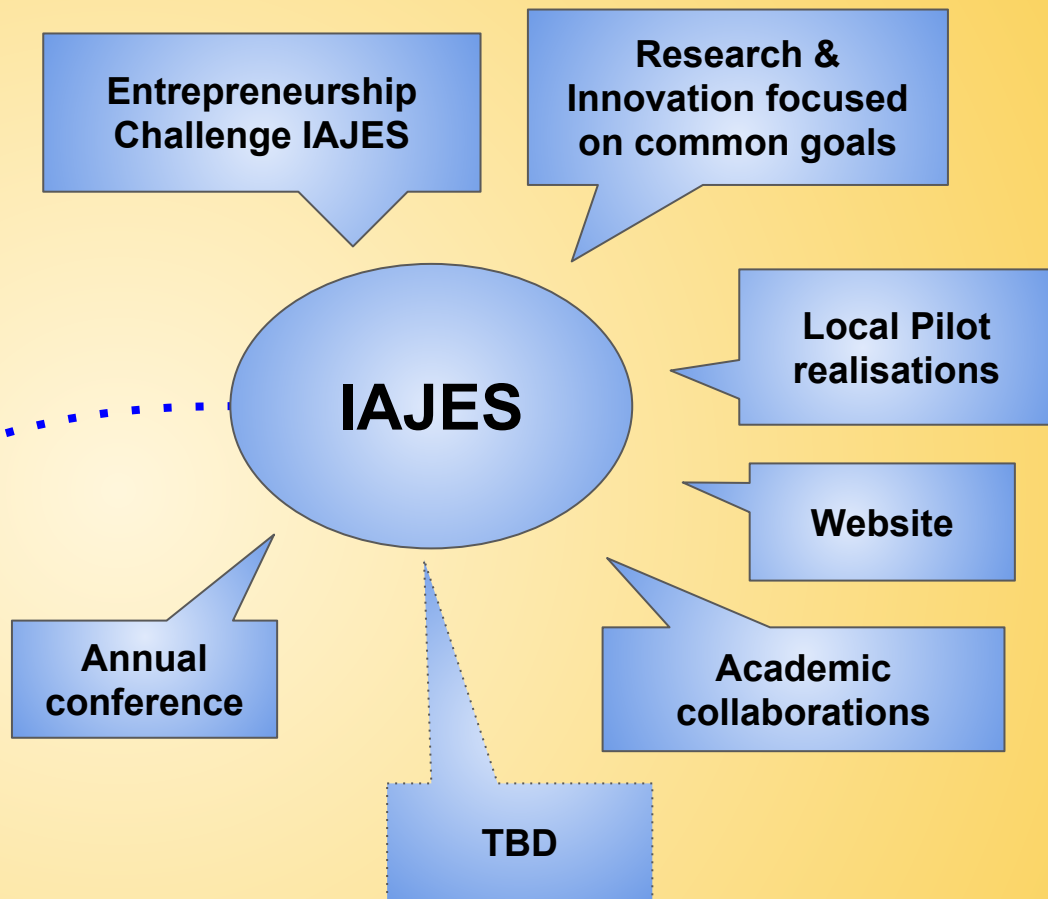

IAJBS : International Association of Jesuit Business Schools

JRS : Jesuit Refugees Service

UNIJES : Universidades Jesuitas en España

AUSJAL : Asociación de Universidades Confiadas a la Compañía de Jesús en América Latina

JSC : Jesuit Social Centers

A founding event for Jesuit Engineering Schools Association Bilbao July 2018

Hosted By:
Universidad de Deusto BILBAO

Website for registration
[Click here !](#)

**For the Heads of faculties, Deans of studies and
Deans of Research of Jesuit Engineering Schools.**

Save the Date!

From Thursday 7/05/2018 5 pm to Sunday 7/08/2018

Themes :

- ◆ **Sharing of practices**
- ◆ **Mutual knowledge and vision of our profiles, resources and forces**
- ◆ **Outlines of the Association and its operating means : steering committee, short and mid term prospect**
- ◆ **Friendship & socialization**

**A conference largely based
on the exchanges and the sharing
of our richness and best practices**

**On the ways we are training
Engineers able to address
key social and technological
issues for the future**

Water - Energy - Cities - Factory 4.0

**And on the ways
we are training Engineers
for the aimed societal changes**

**Ignacian core - Entrepreneurship -
Project Management - Specific
training for integral ecology**

**So every Engineering School is warmly invited
to take part and contribute
to mutual knowledge and enrichment !**

Precisions and call for speakers will come soon !
